1929 SUPPLEMENT  
TO THE 1928 CATALOG OF  
THE TRIANGLE FARMS, CIRCLEVILLE, OHIO

As stated in our 1928 catalog, we hoped to have it doing duty for the years 1928 and 1929, and are issuing this supplement giving changes in prices as well as listing a number of new varieties. Where no price is given in the supplement, the price is the same as printed in the catalog. If you have mislaid or lost the little book with the yellow and blue triangles on the back, just drop us line and we will send you another. By comparing the prices in the supplement with those in the catalog you will notice a very appreciable reduction in price in quite a few varieties. As the stock of some varieties is quite limited, we would advise early ordering to avoid disappointment.

All varieties priced at 10¢ will be sold three for 25¢; those priced at 15¢ will be sold two for 25¢; all 20¢ varieties will sell at three for 50¢.

All 10¢ varieties marked with a star (\*) will sell at four for 25¢.

\$10.00	DR. BALES FAVORITE COLLECTION FOR 1929	\$10.00
---------	--	---------

Conditions change and so do opinions. Our favorite glads for 1929 (with the exception of our own introductions) are the following. They're all mighty good. Not a poor one in the lot and \$2.00 saved too. Here they are.

2-Break O'Day	1.00	3-Los Angeles	.50
2-Cardinal Prince	1.00	2-Mrs Leon Douglas	.50
2-Dr.F.E.Bennett	1.00	3-Pride of Wanakah	1.00

2-Fastidious	.50	3-Tycko Zang	1.00
1-Gladdie Boy	1.00		
1-Harbinger	1.00		\$12.00
2-Hollyhock	1.50		

\$1.00	BUTTERFLY COLLECTION	\$1.00
--------	----------------------	--------

Glads have so often been compared with butterflies that we have assembled a collection of "BUTTERFLY GLADS". Some of these are time tried older varieties and some are quite new. All are good.

BURBANKS BUTTERFLY	.25	PURPLE BUTTERFLY	.20
GOLDEN BUTTERFLY	.15	WHITE BUTTERFLY	.15
GYPSY BUTTERFLY	.25	FIREFLY	.10
KUNDERD'S BUTTERFLY	.10		

\$1.20

## \*\* BLENN \*\*

Our introduction for 1928. BLENN has about every good quality a perfect glad should have. Immense blossoms of wonderful substance, frequently seven and one half inches across, and so intensely ruffled that the edges seem to be pleated by the hand of an expert needlewoman. The placement of the florets is perfect on the tall, strong, willowy stem. But all this fades into insignificance when we consider the color, which is rich, glowing salmon pink with an immense cream colored throat, marked with fine parallel lines of purplish. The mental impression given is that of a enormous cream colored glad with a very wide edge or frill of salmon pink. BLENN stands in a class by himself and will head the parade of new and worth-while glads for many a year. If you want the outstanding figure in the gladiolus world, you cannot afford to be without BLENN. Twenty-five dollars each. Not more than one bulb to a customer.

## \*\* MARY O'MINE \*\*

MARY O'MINE is the largest white in existance today, and, unlike most white gladioli, she is as strong and sturdy as a prim hybrid, and almost as rapid a propagater. It's hard to visualize an immense spike of pure white gladiolus blossoms, with five or six open and the bottom floret measuring eight inches across, but eight inch blossoms are not uncommon with MARY O'MINE. At the Naticnal Gladiolus Show at Toledo, MARY O'MINE won one first, one second and one third prize as the best white gladiolus in America. Says C.C.Piper commercial gladiolus grower of Portland, Oregon, "I am writing to tell you what I think of MARY O'MINE. I have had the most wonderful bloom that ever grew on top of Mother Earth. Just think, spike 5 foot tall, 10 open at once, as white as the driven snow, second bloom from the top measuring  $7\frac{3}{4}$  inches across. Some glad." An article from the Toronto Globe describing Dr.F.E.Bennett's exhibit at the Toronto Exposition in 1928, says "There are at present 150 varieties on show, amongst them being many novelties from Australia, France and the United States, the most attractive being MARY O'MINE a pure white, with flowers  $7\frac{1}{2}$  inches across." If you want the biggest, purest whitest glad in the world, you'll never have it until you add MARY O'MINE to your collection. Each, Five dollars--Forty-five dollars per dozen.

## \*\* ROSEMARY \*\*

She's as sweet as ever and is just longin' to come and brighten your garden. Each 15 cents; two for 25 cents; \$1.40 per dozen.

## \*\* STARBRIGHT \*\*

If STARBRIGHT has never twinkled in your garden, now is the time to speak the word and we'll be glad to send him and "his sisters and his cousins and his aunts." Each 50 cents; \$4.50 per dozen.

## oo OCELLUS oo

It almost seems like a waste of good white paper and ink to again state that OCELLUS is one of the outstanding beauties of the gladiolus world. Everyone who has seen this wonderful gladiolus is unanamous in their praise of it. What E.B.Swartley, commercial grower of Sterling, Illinois says, is but the echo of what everyone who knows OCELLUS says, "OCELLUS bloomed today. It surely is a beauty and is bound to be a winner." The price is such that most any gladiolus fan can have one now. Each, seven dollars.

## NEW GLADIOLUS FOR 1929

We are each year adding new gladiolus names to our list of more than six hundred varieties as well as new faces to our gladiolus gardens and here are a few of the newcomers that we wish to introduce to you for 1929.

CLIO - Large, wide open blossoms of light rose. Throat white with dark speckles. Looks like someone had dropped some whitewash in the large blossoms. Each 20 cents; \$1.90 per dozen.

E.B.WILLIAMSON - A large prim hybrid of mallow purple. A mighty pretty glad and a prize winner. Different. Each 25 cents; \$2.40 per dozen.

ELSIA - A wonderfully pretty golden yellow glad originated by F.A.Wetzel of Syracuse, N.Y. Large blossoms; tall graceful stems; rich color; hardy constitution; a beauty. Each 25 cents; \$2.40 per dozen.

GLADDIE BOY - No use talking, Gladdie Boy is surely a beauty. Sort of a pinkish orange color with yellow deep in the throat. Tall stems; 6 to 8 well placed blossoms open at one time; wavy petals; fine. Each \$1.00; \$9.00 per dozen.

GREGOR MENDAL - Here is a glad of most unusual color. It is a sort of dull purple--the shade often seen in old Persian rugs. The color is hard to describe. This fine glad must be seen to be appreciated. Each 20 cents; \$1.90 per dozen.

GYPSY BUTTERFLY - Large blossoms of deep red with large throat blotches of cream, which resembles large butterflies nestling in the heart of the blooms. Florets wide open and slightly frilled. Tall spikes. Each 25 cents; \$2.40 per dozen.

HARBINGER - Here is a newcomer of a color never before seen in glads, deep burnt orange. Large blooms, perfectly placed on the tall stems. A beauty. Each \$1.00; \$9.00 per dozen.

HENRY FORD - Bright rich purple blossoms that face outward from the stem in a double row. Often eight pairs of blossoms open at one time. Each spike a bouquet in itself. Each 25 cents; \$2.40 per dozen.

LITTLE BILL - Dainty little cream colored flowers with purplish throat lines. Slender stems. Fine for a bud vase. Each 15 cents; \$1.40 per dozen

MISS T.ROSE - Large blossoms well placed on extra tall spikes. Colored creamy yellow and pink like a delicate tea rose. Fine. Each 20 cents; \$1.90 per dozen.

PENNANT - This is the American variety of the same name as one from Australia and was introduced by Gersdorf. The big blossoms are bright rose with immense throat blotches of cream. 5 to 7 well arranged blossoms open at one time. Strikingly brilliant and beautiful. Each \$1.00

PURPLE BUTTERFLY - It don't take much immagination to picture 6 to 8 rich purple butterflies, perched one above the other on the spike when you see this variety. It's a beauty and no mistake. Each 20 cents; \$1.90 per dozen.

RED GLORY—Here is one fine glad. It is a sport of Purple Glory which it resembles in everything but the color which is rich fiery red. It's a mighty rare glad and our stock is very limited. If you want it you'd better order early. Each \$2.00

ROZAN—Immense blossoms of rose pink with cream colored throat; from 5 to 7 perfectly placed florets open at one time; surely one of the outstanding new glads; looks just good enough to eat. Stock limited. Each \$5.00

TAURUS—A prim hybrid of bright purplish violet. A mighty rare color for this type of glad. The graceful, slender stems carry 5 to 7 blossoms open at one time. Each 25 cents. \$2.40 per dozen.

TWIN FIRES—Good sized blossoms of pure pink; the lower petals blotched with yellow on which are two scarlet spots which look for all the world like two tiny candle flames. It surely is a beauty and one that should grace every garden. Each 50 cents; \$4.50 per dozen.

VIOLA BIRD—This is surely the daintiest, sweetest little glad that has been seen for years. The spikes are tall and the dainty little blossoms of violet are placed along the stem like demure little humming birds. It's a perfect little darling. Each 35 cents; Dozen \$3.25

\*\*\*\*\* THE BONISTEEL COLLECTION \*\*\*\*\*

There's a lady up in Belleville, Canada who has not been saying very much to the gladiolus world, but what she has been doing in hybridizing gladioli has been "a-plenty". We are fortunate in being able to present to our friends a few of her wonderful originations.

BON ECHO—Large waxy flowers of cream and pink; perfectly blended, on tall, straight stems. Robust grower. Each 75 cents.

CRIMSON RUFFLES—Brilliant red, intensely ruffled blossoms, well placed on the best of stems. Gorgeous. Each 75 cents.

EULA TERRY—"Elegance, purity of color and daintiness are the characteristics of this flower", says Mrs. Bonisteel. Beautiful pure rose with the interior of the petals several shades lighter. Tall, straight grower. Each 50 cents.

GRAY PARROT—Clean blue grey, edged and tipped with clear salmon; deeper red markings in the throat. Surely this is one of the most unusual glads of the "smoky" type it has ever been our privilege to see. Each \$1.00

LAVENDER FRILLS—Just what its name implies. Lavender, shading to fawn on the lower petals. Good color; extra long spike. Fine. Each \$1.50

QUINTE SUNSET—Excellent clear lavender blue, slight throat lines; perfect form; 16 to 20 blossoms to the spike. Fine. Each \$1.50

PINK LADY—Charming clear salmon rose; large blossoms perfectly arranged on tall straight spikes. Sort of reminds one of Giant Nymph, tho of a very different color. Extra good as a cut flower as it has fine keeping qualities. Each \$1.00

ROSE MARIE—Sparkling clear rose overlaid with deeper rose. Extra large florets of splendid texture well placed on perfect spikes. Each 75 cents.

VIOLET PLUME—Clear mauve violet, deeper in throat, cream colored lip. Grow very tall with good sized florets well placed on straight, graceful stems. Each 75 cents.

\$7.00 \*\* SPECIAL BONISTEEL OFFER \*\* \$7.00

If you bought one each of the above nine Canadian varieties, they would cost \$7.75, but if you would like to add the entire collection to your garden, just send us \$7.00 and these will charm you in 1929.

\*\* BRIGGS INTRODUCTIONS \*\*

The Briggses out in Encinitas, California are bringing some mighty fine glads to the attention of flower lovers and we are proud to list four of their fine new "CONFECTIONS"

BALBOA—As many as seven large, excellently placed blooms of clear glowing apricot pink with warm yellow throat, open at one time. A fine one. Each \$1.50

MABEL IRVING—The immense clear pink ruffled blossoms are well placed on tall, straight stems. Several open at one time. Beautiful. Each \$1.50

MISSION BELLS—Here is one of the loveliest and most distinct glads seen for "many a moon". Six or seven large bell shaped blooms of rich orange pink are open at one time and are borne on tall slender wiry stems placed in such a manner as to suggest a chime of bells. Sort of a Chinese pagoda effect. Perfectly lovely. Each \$1.50

SANTA BARBARA—Extremely broad petals that are ruffled their entire length, rather than at the edges as with most ruffled glads. The immense blossoms are a very delicate pink in color, well placed on the best of stems. Each \$1.50

\$5.00 \*\* SPECIAL BRIGGS BEVY OF BEAUTIES \*\* \$5.00

ONE each of the above four BRIGGS creations for a five dollar note. Save a dollar.

\*\* TIGRIDIAS \*\*

Three years ago, we imported several new varieties of tigridias, and this year we are offering a limited number to our patrons as a special tigridia collection, which consists of one bulb each of White, Rose, Yellow and Red. No white or rose tigridias will be sold except in this collection. Those who have never seen other than the yellow type will be charmed with these new colors. The collection of four colors white, rose, yellow and red, postpaid for \$2.25

**EXTRA SPECIAL**

We have been fortunate enough to secure a limited number of bulbs of the remarkable French gladiolus LOUIS HEMON, (pronounced Looey Hayman). Of all the bizarre, unusual, peculiar, striking glads, "Louis" heads the list. The color is yellow and orange-red with such a peculiar arrangement of color that you will agree with the man who saw the giraffe at the circus and said, "There ain't no sich animal". Its not a symphony in color, but a combined circus band, jazz orchestra, Roman candle, sky rocket, pin wheel and fire cracker combination. Take our word for it—"Louis" has "it". Stock quite limited. Each 60¢; 3 for \$1.70. Not more 3 to a customer.

DON'T BE BASHFUL! IF YOU DON'T SEE WHAT YOU WANT, ASK FOR IT.

If you've lost or mislaid the TRIANGLE FARMS catalog for 1928--just drop us a line and we'll send its mate to you,—GLADLY.
